

PROFILE

Analytical and detail-oriented Data Science undergraduate skilled in Python, SQL, Machine Learning, Data Analysis, Power BI, and Data Visualization. Strong in problem-solving, exploratory data analysis, and building data-driven solutions using modern analytical tools.

SKILLS

Programming & Databases : Python, SQL, Data Structures & Algorithms

Data Analysis & Visualization : Pandas, NumPy, Matplotlib, Seaborn, Exploratory Data Analysis (EDA), Power BI, Excel

Machine Learning & AI : Machine Learning, Deep Learning Fundamentals, Natural Language Processing (NLP)

Core Skills : Data Cleaning, Data Preprocessing, Problem Solving, Analytical Thinking, Logical Reasoning

Tools & Platforms : Streamlit, Jupyter Notebook, GitHub, Google Cloud, Oracle Cloud

Professional Skills : Communication, Leadership , Team Collaboration, Time Management, Adaptability, Quick Learning l

EXPERIENCE

Data Science Intern -

CodSoft

Dec 2024 – Jan 2025

- Performed data cleaning, preprocessing, and exploratory data analysis on structured datasets using Python.
- Applied machine learning techniques to build and evaluate predictive models.
- Created data visualizations and reports to communicate insights and trends effectively.
- Worked in a collaborative environment to solve real-world data problems.

PROJECTS

TrayamBakam – Tri-Sense Anxiety Detection & Emotional Relief AI System [link](#)

- Developed an AI-powered multimodal system for anxiety detection using facial, voice, and text analysis.
- Integrated Machine Learning, Deep Learning, NLP, BERT, and CLIP models for intelligent emotion recognition.
- Designed an interactive AI support system for emotional assistance and real-time wellness insights.

Visionix – AI-Powered Data Analytics & Business Intelligence Platform (Streamlit) [link](#)

- Developed an AI-driven analytics platform for automated data cleaning, preprocessing, and visualization.
- Built interactive dashboards and intelligent insight generation using Python, SQL, Streamlit, and Power BI.
- Designed to transform raw datasets into actionable insights for data-driven business decision-making.

EDUCATION

Bachelor of Technology (B.Tech) - Data Science

Sushila Devi Bansal College of Engineering, Indore
CGPA: 7.5

2023 – 2027

Senior Secondary Education (Class 12th)

City Star Convent Higher Secondary School
Percentage: 81%

2022 – 2023

CERTIFICATIONS

- Microsoft - Introduction to Generative AI [link](#)
- Oracle - Data Science and Cloud Computing Certification [link](#)
- Cisco Networking Academy - Introduction to Data Science [link](#)
- Forage - GenAI Powered Data Analytics Simulation [link](#)

AWARDS & ACHIEVEMENTS

- Certificate of Merit – Convoke 4.0 Hackathon
- Certificate of Appreciation – IEEE Inter-Branch Project Competition (College Level)
- Certificate of Participation – Winter Consulting Program 2025, IIT Guwahati
